DESCRIPTION

Online Service Information (For Dealers and Repair Facilities Only)

Honda offers a limited selection of online service materials for repair facilities. These materials are not designed for consumer use.

Consumers should refer to an [owner's manual](#) for appropriate maintenance information, or see a [Honda Engine dealer](#) for service issues.

Repair facilities and service technicians may access [online service and repair information here](#).

REPAIR PROCEDURE

Finding the Engine Model

To find the model number, look for a model number sticker on the engine.

All Honda engines model numbers start with the letter "G," such as "G100", "GX610", or "GXV160."

This is the base engine model. The engine model and serial number should be adequate for most of your needs.

However, if you need the detailed engine type, you can find an [engine identification guide here](#).

WARRANTY INFORMATION
